EDUCATIONAL TECHNOLOGY NETWORK

Education Technology Best Practices

- An edtech tool is only useful if it addresses a student learning need
- Moving students from consumers to creators
- Tools & Philosophies are intertwined
- Opportunities for student voice and choice
- It's about outcomes, not just engagement
- If it solves a problem or a learning need, it's valuable

Digital Equity & Inclusion

- Removing barriers to access wherever they are found (connectivity, devices, accessibility, etc)
- Digital Navigation Services and Asset Mapping
- Accessibility Guidelines and Best Practices for online courses and content
- Digital Equity & Inclusion Grant Round 1
 - Impacts (Reaching schools that normally don't apply to grants, filling gaps between ECF and Erate and levies, etc)
 - Landscape

Media Literacy & Digital Citizenship

- **Media Literacy** - to think critically about the messages created and consumed through various forms of media
- **Digital Citizenship** – to use technology safely, responsibly, ethically, and kindly
- Can be taught, modeled, and integrated in every subject
- Supported by OSPI Grants
- To empower students with skills and knowledge to effectively navigate and make their voices heard in the digital world

Cybersecurity & IT Best Practices

- Growing preparation, effectiveness, and resilience in whole-district Cybersecurity initiatives
- Encouraging “safe innovation” – balancing needs for security with supporting innovative teaching and learning
- Building awareness of, and compliance with, data policies such as COPPA and FERPA
- Increasing staff technology skills, comfort, and self-reliance
- Supporting teaching and learning through effective, efficient and equitable through tech management plans, infrastructure, and practices

Procurement & Fiscal Resource Planning

- This collaboration between the OSPI, AESD, and the nine ESDs across Washington state provides FREE educational technology procurement support to all interested districts through ESD 112.
- Involves services such as:
 - negotiating for local school district purchasing and leasing of learning devices and peripheral devices,
 - learning management systems, cybersecurity protection,
 - device insurance,
 - other technology-related goods and services.
- Statewide procurement support resources available
- Separately, OSPI supports are available for ECF and E-Rate
